

Red Cross - WebViz

Theme Templates (View by):

Note: The default timeframe for all display criteria should be the current Fiscal Year.

1. Projects

Data From ECOS: Project Level - Program/Project Name, Status, Sector, Record Type (Disaster response, long-term, program), Total Budget, Location, ISD Region, Program/Project Start Date, Target Beneficiaries (Direct)

Display Criteria: by **Project Sectors**

- Projects will need to be shown globally/regionally by the following sector/project types
 - ARC Capacity
 - Disaster Risk Reduction
 - GDPC
 - Health
 - Shelter
 - WatSan
 - Measles
 - Livelihoods
 - Organizational Development
 - Restoring Family Links
 - HIV/AIDS
 - IHL
 - People
 - Readiness – ARC

Contextual Data (if any): global risk factors, population size

2. Disasters

Data From ECOS: Disaster Name, Disaster Date, Disaster Type, Category, # people affected

Request for assistance: Beneficiaries Targeted Individuals, Beneficiaries Reached Individuals, Total ARC Cash Contributions on RFA, Requested Amount, % for ARC amt, Sum total by type of supplies

Display Criteria: by Disaster Type

By timeframe (fiscal year or quarter)

By region

Contextual Data: GDACS KML layer, PDC KML layer (*Dale's team to provide URLs or support with contextual data layers*)

3. Risks

Data from ECOS: Severity of Risk based on a calculated value

- Risk name
- Risk Description
- Type
- Risk Status

- Date logged
- Mitigation strategy

Display Criteria:

- Red
- Yellow
- Green
- Grey

Contextual Data (if any):

4. Project Health

Data from ECOS: Calculated value based on status of scope, timeline, budget, human/technical resources and stakeholder engagement.

Display Criteria:

- Red – Attention and/or modification required (Major deviation from targets)
- Yellow – Monitor Closely (Minor deviation from targets)
- Green – On target
- Grey – Insufficient information

[Note: need ability to filter and only display budget status, timeline status, etc.? Think this is a good idea] **Contextual Data (if any):**

5. Pipeline

Data from ECOS: planned projects

- Program/project title
- Donor name
- Start/end date
- Budget
- Submission deadline
- Status
- Sector

Display Criteria:

- Colored by donor type;

USAID/OFDA

US State Department (PRM)

US Centers for Disease Control

Other US Government

ARCT

Other Private External

ARC (SIF)

ARC (Restricted Funding)

ARC (Other)

Contextual Data (if any): none
